

MAKE YOUR CASE

Need some talking points to share with your boss? Here are some solid reasons why you should attend a Dare to be Deliberate workshop.

1 RETURN CLEARER, BRIGHTER & ENERGIZED

D2BD is designed to be reflective, future-thinking and energizing to all participants. You'll be joining an exclusive group of communications leaders as we focus on being more intentional in our own careers, as well as being better leaders and mentors to others.

2 SHARE THE LEARNING

You'll be able to share what you learned, new ideas and your enthusiasm with your home team. After the workshop, you can put D2BD tools to work to help you better articulate what success looks like—both at the individual and organizational level—and how to identify strengths and gaps in our career action plans.

3 WALK THE TALK

Need living proof? With D2BD, you'll improve how you tell your own story, the story of your team, and how it clearly and positively impacts the organization. Furthermore, you'll be skilled in having better career conversations with your leadership to ensure you're effectively advancing while contributing to the organization in a meaningful way.

4 BOOST OUR NETWORK

D2BD will connect you with motivated, high-achieving communications pros who have been selected to join the workshop. The course is designed to bring people together, share ideas, and build each other's skills. The strength and depth of the D2BD network is mutually beneficial to all.

5 POWER UP YOUR FUTURE HERE & NOW

You will leave the D2BD workshop with a career action plan and an understanding of how you can be more intentional in managing your career. Every stage of your career and your organization's growth can benefit from this intentional, inspiring platform.
